

md::stop_cm_translation

```
graph RL; qdyn[qdyn] --> md[md::stop_cm_translation];
```

A diagram showing a call from a box labeled 'qdyn' to a box labeled 'md::stop_cm_translation'. A blue arrow points from the 'qdyn' box to the 'md::stop_cm_translation' box. The 'md::stop_cm_translation' box is shaded gray, while the 'qdyn' box is white.
