

parse::getline

```
graph LR; A[parse::getline] --> B[parse::split]
```

A diagram showing a horizontal flow from left to right. On the left is a gray rectangular box with a black border containing the text 'parse::getline'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box with a black border on the right, which contains the text 'parse::split'.

parse::split
