

md::watpol

```
graph LR; A[md::watpol] --> B[misc::centered_heading]
```

A diagram showing a relationship between two identifiers. On the left, a gray rectangular box contains the text 'md::watpol'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'misc::centered\_heading'. Both boxes have a black border.

misc::centered\_heading
